

2nd Progress Meeting
28th & 29th September, 2023
Universidad de La Laguna - Tenerife

Basic practical information

Timetable

The sessions will hold from 9:30 to 17:00 both days. In the Programme (last page) you can check all the details.

The welcome, to get all the identifications, certificates (attendance and talks) and merchandising from the organization, will be open from 9:00 on Thursday 28th and available along all the meeting.

Location

All the session will celebrate at Sala Polivalente (1st floor), at Edificio Central in Central Campus of Universidad de La Laguna

<https://maps.app.goo.gl/hX7TXe5qM4Up9ydp9>

Main Entrance

Main stairs to 1st Floor

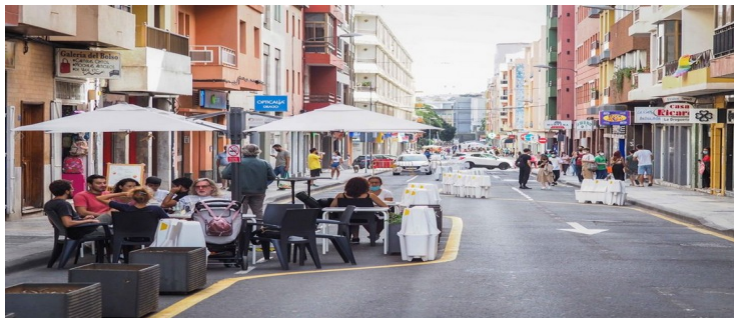

- Go up to 1st Floor by the main stairs.
- Take to the left all the time until the end of the corridor.
- Sala Polivalente is at the end, on the left.

Sala Polivalente: Original classroom in the Central Building, restored and dedicated to solemn academic events and ceremonies (PhD Dissertations, Conferences, etc) .

How to arrive:

- If your hotel is in La Laguna, just walk to Campus Central. The Heraclio Sanchez street (see picture below with ULL at the end) is pedestrian and goes directly from city center to the Edificio Central.

- If your hotel is in Santa Cruz, the best option is to take the tramp/tranvia. You may stop in Padre Anchieta stop (right picture).
- If you are coming by car from any location out of La Laguna, please access central parking. We'll advise the security service to open the barrier to your car. You may access by the right entrance (picture below):

- In the worst case, if you miss yourself, please take note of Rodrigo's cell number +34 606435284 for calls, WhatsApp, Telegram or Signal.

Wi-fi access: You can access to ULL wifi services bu EDUROAM. If this doesn't work for your institution, you have at the end of this document the way of access as guest (ULL-CONNECTA).

Meals

ULL will cover the following meals, posted outside the classroom in the corridor. These services are without waiters, we are a small group to manage by ourselves:

- **Coffee-breaks:** We'll offer coffee-breaks both days from 11:00 to 11:30. It will contain
 - Coffee & Infusions with Milk
 - Juices
 - Cakes and Biscuits
 - Sweet Potato Doughnuts
 - Various Fruits

After lunch, there will be coffee and infusions in the classroom of our choice, to maintain people's wake in the afternoon sessions.

- **Lunch:** Both days we'll offer a stand-up lunch, but we can sit down in the classroom with the plates. It will contain

Cold:

- ✓ Assorted canapés
- ✓ Galician bread roll
- ✓ Spanish omelette
- ✓ Bogavant salad canapés
- ✓ White cheese
- ✓ Brochette of fruits
- ✓ Tuna spoon

Hot:

- ✓ Croquettes.
- ✓ Dates with cheese
- ✓ Fish fritters
- ✓ Calamars

Snacks:

- ✓ Dry fruits: nuts, peanuts,...
- ✓ Chips
- ✓ Olives

Drinks:

- Normal beer
- Soft drinks
- Wine
- Water

- **Dinners:** As we noticed in previous communications, these meals must be covered by your own. The dinners have to start at 20:00 since restaurants open at this time. We have planned two group dinners.

➤ **Thursday 28th, 20:00 at La Laguna City Center: “El Nido del Tucán”**

The restaurant is located in La Laguna city center, in the old and heritage pedestrian area. We'll go after the Guide Tour of the city center organized (see social-activities section below). See location and many pictures [here](#).

It will be a sharing menu (for each 4 persons) to meet all together at the end of the first working day. Here is the menu:

To share each 4 persons:

- ✓ Mix of cheeses and charcuterie/cold meat
- ✓ Mushroom and blue cheese croquettes
- ✓ Brie cheese with tomato jelly bags
- ✓ Chicken strips with spicy mayo and unagi tare
- ✓ Prawn brochette with critic's mayonnaise
- ✓ Pie with mushrooms
- ✓ Dessert (individual): Coconut and passion fruit mousse
- ✓ Drinks: 1 bottle of wine or each group, beers or water.

The cost will be around 38€ pp. We'll pay in advance the reservation (mandatory on pre-agreed menu groups meals), you will have to pay us, and the restaurant will provide a ticket to everyone who asks.

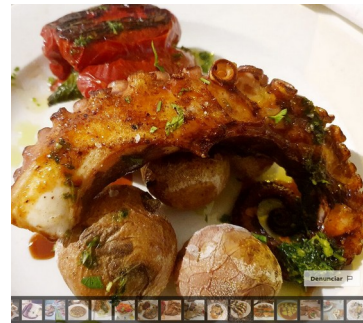

➤ **Friday 29th, 20:00 at Santa Cruz.**

We would like to meet together as final working days in Santa Cruz (main city of the island), since there is more likely to avoid rain and enjoy a walk and some terrace drinks.

We have selected a restaurant with a large menu of meals, and a good offer of Canary Islands' delicious (as example our famous "*papas arrugadas con mojo*" in the picture) to let all of you choose whatever you want and adjust your costs.

[Restaurante La Hierbita](#) is located in the pedestrian zone of Santa Cruz's city center. It's specialised in Canary Islands and Mediterranean cuisine.

Social activities

We are designing some basic activities to enjoy together the final of the days and the Saturday free day.

➤ **Thursday 28th, 18:30 – 19:45 (aprox): La Laguna World Heritage City Tour Guided (in English)**

San Cristóbal de La Laguna has an exceptional, universal value due to the concept of its town plan. This historical site is the archetype of city-territory. It is the first example of a non-fortified town, conceived and built according to a plan inspired by navigation, the science of the time. Its layout is based on a peaceful new social order, inspired by the religious doctrine of the millennium of the year 1500.

The town map can actually be read as a "stellar map" in which the dots indicate particular points in the city and the links between these points and the town as a whole. It has a symbolic meaning and should be interpreted as a marine map or a map of the constellations of the time.

The characteristics of the city of La Laguna, the archipelago's first capital city, set the tone for the new cities in America. The city is home to approximately six hundred well-preserved original Mudejar buildings and is a living example of the exchange between European and American culture, a culture the city has maintained strong ties with over the centuries. All of this led the [World Heritage](#)

Committee of the United Nations Educational, Scientific and Cultural Organisation (UNESCO), to announce, on the 2nd of December 1999, in Marrakech (Morocco), its approval of San Cristóbal de La Laguna in Tenerife as a World Heritage City.

- **Friday 29th, after dinner: Drinks on some terrace on Santa Cruz famous entertainment area.**

Closer to our restaurant, we will walk to famous relax and terrace area of Santa Cruz, Calle de La Noria, where we could have a drink, have funny conversations and enjoy all together the night of Tenerife

- **Saturday 30th, all day long natural activity.** As we have explained in previous communications, the fire event suffered in August is restricting all the natural activities in the island, mainly related to the Teide and the natural parks in the center of the islands. The access to Teide is now closed or forbidden to any tourist tour (not stopping, just for cross to other areas, limited speed and type of vehicles).

We have asked professional services for alternatives which let us show to all of you the beauty of the island. We are checking some marine activity or mountain one, depending on the services available (restaurants, access to panoramic view areas, etc).

We'll report all of you as soon as we close the best option. In any case, please include in your luggage some swimming costume and some comfortable clothing for short walks.

**Universidad
de La Laguna**

Pythagoras Project - 2º Progress Meeting

Basic info on Wifi access for this event:

Datos de conexión Wifi para este evento:

SSID:	ULL-CONECTA
Fecha:	Del 2023-09-25 al 2023-10-02
Lugar:	Campus Central Edificio Central (Aula Polivalente)

2nd Progress Meeting

28th & 29th September, 2023

Universidad de La Laguna - Tenerife

	Thursday, 28th	Friday, 29th	Saturday, 30th
9:00 - 9:30	Welcome and coffee opening		
	<i>Project Based Learning & Linking Mathematics to real life problems & examples</i>	<i>ICT and Digital Skills & Visualization as active learning method</i>	
9:30 - 10:15	Mini PBLs for pre-calculus course by HMU <i>Evangelos Kokkinos (HMU)</i>	Theoretical framework(s) for combining ICT and real life examples for teaching and learning mathematics <i>Olga Timcenko (AAU)</i>	Natural activity (TBC)
10:15 - 11:00	Designing an Agile and Sustainable Education Approach with Problem-Based Learning <i>Babo Lurdes & Jorge Mendonça (P.PORTO)</i>	Part 1: Example-generating tasks in a computer-aided assessment system <i>Mats Brunström, Maria Fahlgren and Mirela Vinerean-Bernhoff (KAU)</i> Part 2: The use of STACK/Moodle for the development of a system based on adapted feedback regarding the improvement of students' understanding level of mathematical notions <i>Ana-Maria Acu, Nicolae Constantinescu, Augusta Ratiu, Florin Sofonea, Oana Ticleanu and Ioan Tincu (ULBS)</i>	
11:00 - 11:30	Coffee break		
11:30 - 12:15	Introducing miniPBL in mathematical subjects at STU in Bratislava, Slovakia <i>Daniela Velichová & Jana Gabková (STU)</i>	Teaching mathematical models around the SDG <i>Diana Sosa, Israel Garcia & Rodrigo Trujillo (ULL)</i>	
12:15 - 13:00	Exploring the world of Artificial Intelligence through computational thinking in pre-university studies <i>Rafael Herrero-Álvarez (Cultural Classroom of Computational Thinking-ULL)</i>	Gamifying online and hybrid mathematics education at university level <i>Georgios Triantafyllidis (AAU)</i>	
13:00 - 15:00	Lunch		
	<i>Gamification</i>		
15:00 - 15:45	Group work methodologies in Mathematics Education <i>Jennifer Dóniz (EVM)</i>	Coordination Project meeting	
15:45 - 16:00	Conclusions and review of the day	Update meeting with partners: P.PORTO, STU, KAA	
16:00 - 17:00	Update meeting with partners: ULL, HMU, AAU		
18:30 - 21.30	Cultural event (guided tour of La Laguna, UNESCO Heritage City) and dinner	Cultural event and dinner
